

# ROAD SAFETY RENTAL

## BIG BLOCKOUT

### Australian Designed and Manufactured, durable water filled barrier

- ✓ Extra durable, robust, virtually indestructible!
- ✓ Highest quality plastic barriers
- ✓ Segments are 2m in length
- ✓ Bright orange colour for high visibility on site
- ✓ 8mm wall thickness
- ✓ Australian designed and manufactured
- ✓ User friendly to stack
- ✓ Innovative tapered interlocking tabs are efficient to use
- ✓ Suitable for all environments
- ✓ Each join allows for 300 degree angling

We have developed a sturdy barrier system for any circumstance, including and not limited to site work, delineation, shielding or simply for lower speed and offline sections of work areas that require separation from pedestrians or ongoing traffic. These barriers are convenient to deploy and also lend themselves to event management applications.

Weighing just 38kg when empty the BIG Blockout can be stacked during storage and transport, and filled with 450L of water once deployed on site.
