Our cutting-edge fleet comprises robust, reliable VMS units, ensuring your messages are delivered seamlessly and professionally. Our C-Size VMS fleet is Available in 5 colour or amber to suit your project demands

Whether you need to direct traffic, share vital information or promote an event, VMS Hire ensures message visibility and clarity. With our affordable VMS sign hire, you can access high-quality, easy-to-operate signs for any occasion.

Our versatile VMS trailer hire allows you to place your messages where they're most needed while maintaining traffic safety standards.

ROAD SAFETY RENTAL

24/7 AUSTRALIAN VMS SUPPORT

Our fleet of VMS boards are operated by a stand-alone purpose built platform, Zone 2. This platform is robust, reliable and can be managed anytime via PC, tablet or smart phone. Our team offers full message management and excellent support including after hours care.

This allows you to concentrate on more important construction and project related outcomes, all the while knowing that your message requirements are being adequately catered for.

For any special requirements, please contact the Road Safety Rental team on 1800 ROAD SAFETY.
